Dear _____,

My school's annual Work-A-Thon will be held on Friday, October 30, 2009, for middle school and high school students and Friday, December 4, 2009, for elementary students. All students will spend the day in community work projects. Our projects will include spending time with senior citizens and helping clean areas around the community.

The purpose of our Work-A-Thon is to represent Jesus Christ while serving in our community. We also use our Work-A-Thon as a fund-raiser for various projects within our school.

Our goal this year is to raise \$40,000. Each family in our school has a personal goal of \$400. Raising these funds helps to offset operational costs and keep tuition affordable.

Please pray for my school and Work-A-Thon. If you would like to give towards the goal, please return this card with a check made out to **Waterloo Christian School** by October 30, 2009.

Thank you for your help,
